

## TESTIMONIALS

Thank you for all your support and enthusiasm for putting my home front and center in the new NYC&G March Issue. I am very pleased with how you, your team, and Michael handled everything in achieving a very appealing portrait of artist and home. I am very grateful. I have mainly heard back from your more uptown target audience, and all responses have been very favorable.

How could they not be with such a lovely spread?

We just wanted to email to say how thrilled we are with the feature! We have yet to see the print copy, but the online version is really making the rounds on Pinterest, Twitter, Facebook & Instagram! We are getting tons of great feedback and can't thank you enough for highlighting our work.

Wanted to thank you for including the MRS feature in your March issue. I really couldn't be happier with the way it turned out. The article set such a nice tone. Hope to work together more in the future.
